- ✓ In submittal review stage

January, 2018

- ✓ Contractual paperwork complete
- ✓ Pre-construction meeting held 1-24-18

December, 2017

- ✓ Acceptance of lowest responsible bidder on Council agenda

Project Schedule:

- Project No.: Principal No. 1701A01
- Bid Date: 11-16-17 Amount: \$367,500.00
- Council Approval: Resolution 17-41
- Construction Notice to Proceed:

- Start Date: Funded by: Capital Funds

- # of Days in Contract: 240 Proposed end date:
- Contractor: Gottfried Contracting, LLC
- Project Engineer: Principal Engineering

Project Description – Scope of Work

The work consists of replacement of ultraviolet (UV) disinfection equipment at the Mandeville Wastewater Treatment Plant (WWTP). The new work will be installed in existing structures.

Construction will consist of the following:

- ❖ All labor, materials, equipment and appurtenances required to provide an open channel flow, high density low pressure lamp, ultraviolet (UV) disinfection system complete with an automatic cleaning system and UV intensity monitoring
- ❖ Additional work includes electrical and minor miscellaneous items

- ❖ Contractor shall perform the work complete, in place, and ready for continuous service and shall include repairs, testing, cleanup, replacements and restoration

Project Location

1100 Mandeville High Blvd.
