

**CITY OF MANDEVILLE
ENVIRONMENTAL INTERPRETIVE PROGRAM**

WATER WONDERS CAMP

is splashing into its 14th season!

Summer means FUN and we have lots of fun planned for this summer's camp! Our goal is to encourage campers to have a greater appreciation of our natural resources, including local water bodies and wildlife. Every day, campers go on a field trip and come back to MPW to participate in awesome hands-on science activities, listen to environmental guest speakers and investigate local nature exhibits.

We even start earlier and end later than other camps, just so we can fit all the fun stuff in!

We hope you will consider being a part of this summer's camp!

WHERE: Mandeville Public Works
1100 Mandeville High Boulevard
Mandeville, LA 70471

DATES: Session 1: June 5-9, 2017
